

ROGEL T. TEVES
Vice President, Corporate Affairs Group
National Power Corporation

Atty. Teves was a product of the Cadetship Program of National Power Corporation (NPC) from 15 January 1990 to 14 January 1991. He was absorbed by NPC and started working as Engineer A on 01 June 1992 and was later promoted to Senior Engineer of the Design and Development Department on 01 July 1997.

With great enthusiasm and determination to succeed in his chosen career, he steadily climbed up the corporate ladder until he was appointed as the Acting Department Manager of the Project Management Department on 07 February 2007. In this capacity, he led, managed, and reviewed the implementation of power projects including construction, quality, and cost control, and formulated strategies, policies, programs, and guidelines for the pre-construction and construction/project management activities including the right-of-way acquisition and social engineering undertaking.

With his proactive management and leadership skills, combined with highly developed organizational skills and the ability to prioritize a substantial workload, Atty. Teves was named as the Department Manager of the Design and Development Department (DDD) on 16 August 2012. In this role, he exercised his management skills and expertise in planning, implementing, and putting in harmony the technical and administrative activities of the Mechanical Engineering Division, Electrical Engineering and Instrumentation Division, Civil Engineering and Architecture Division and Cost Estimation and Contract Specification Division.

On February 2017, he further reaped the fruits of his hard work and engineering acumen and was appointed Vice President of the Power Engineering Services (PES).

Atty. Teves was a graduate of Mechanical Engineering from the University of the East in 1989 and passed the board examination for Mechanical Engineer in June 1990. He obtained his graduate studies with the course of Bachelor of Laws (LLB) from the same school in 2001 and passed the Philippine Bar Examination in the same year.▪
