 OBE v/a a

Dear Mr. Antonio:

This pertains to the letter received on October 5, 2020 regarding your request for exemption in this year's compliance to Occupational Safety and Health Standard (OSHS) Rule 1948.03 (Conduct of Fire Exit Drills as Required in RA 9514) for NPC-Pulangi IV HE Plant.

In view of the raising of Corona Virus Disease 2019 (COVID-19) Pandemic, a memorandum from the Bureau of Fire Protection National Headquarters on Raising of Alert Status from Heightened Alert to (Red) Full Alert status with reference advisory from the Department of Interior and Local Government (DILG) regarding the Postponement of Activities Relative to the Threat of COVID-19 dated 20 March 2020.

In this connection, the Maramag Fire Station temporarily suspended all COVID-19 hazard related activities as one of the precautionary measures to ensure the safety of our personnel as well as the public.

Thus, conduct of Fire Drill to any establishment is momentarily postponed until further notice from the higher office.

Respectfully yours,

INSP DUFFEL D TENEBRO
 Municipal Fire Marshal
 Maramag, Bukidnon

Subject : **REQUEST FOR EXEMPTION IN THIS YEAR'S COMPLIANCE TO OCCUPATIONAL SAFETY AND HEALTH STANDARD (OSHS) RULE 1948.03 (CONDUCT OF FIRE EXIT DRILLS AS REQUIRED IN RA 9514) FOR NPC-PULANGI IV HE PLANT**

Dear Insp. Tenebro:

We wish to seek the approval of the OIC – Municipal Fire Marshal for the exemption of NPC-Pulangi IV HE Plant in this year's compliance to OSHS Rule 1948.03 (Conduct of Fire Exit Drills as required in RA 9514) due to COVID-19 Pandemic wherein all government agencies are directed to limit physical contact, face-to-face meeting/conferences/ training and the like.

As a background, Pulangi IV HE Plant is certified with ISO 45001:2018 Occupational Health and Safety Management System (OHSMS) and every year, a Third Party Certifying Body will gauge our performance in its implementation of which to include our yearly compliance to the abovementioned OSHS Rules.

It is in this premise that we are annually carrying out two (2) Plant-wide Fire Exit Drills and we've been consistently compliant to these Rules for many years. Sad to note that complying the above Rules this year would be very difficult for us due to the health crisis we are facing right now, hence this request.

We appreciate much if NPC-Pulangi IV HE Plant will be provided with a certificate of exemption or any document pertaining to our request which will be our proof during the next External Audit in order for us not to be issued with non-compliance (NC) on the aforementioned Rules.

Should you have queries/concerns regarding this request, please contact/e-mail the Plant's Safety Officer, Engr. Reginaldo L. Natividad, thru 09067138117 / natividadrl@yahoo.com.ph.

For utmost consideration of the OIC – Municipal Fire Marshal.

Thank you.
