DISCLOSURE

A. GCG-administered Internet-Based Performance Evaluation for Directors (IPED)

The Governing Board of National Power Corporation annually evaluates and assesses its performance through a self-evaluation process that is administered by the Governance Commission for GOCCs (GCG). Consistent with the thrust of ensuring that the National Power Board observes the highest degree of professionalism in fulfilling its fiduciary duties, both Ex-Officio/Alternate and Appointive Directors rate themselves and their peers on a scale of 1 to 9, with '9' being the highest. For the Appointive Director, the rating from his/her peers serves as the incentive factor in determining the performance-based incentives.

The self-evaluation/performance assessment has the following dimensions/criteria:

- 1. Knowledge and Personal Development;
- 2. Teamwork and Communication;
- 3. Board Management;
- 4. Managerial Competency;
- 5. Leadership Competency;
- 6. Board Relationship:
- 7. Financial Management:
- 8. Product/Service Competency; and
- 9. Human Resource Management

The results of the performance evaluation are confidentially communicated to the Members of the Governing Board upon receipt of the scores/ratings from the GCG. The evaluation is also included as an agenda item in the Governance Committee Meeting of the Whole which is usually scheduled prior to the annual nomination and reelection of the Corporation's President and Chief Executive Officer.

For **CYs 2018**, **2019**, **2020** and **2021**, the results of the annual performance assessment were duly communicated to, and were discussed in an executive session attended by, all Members of the Governing Board.

Office of the Corporate Secretary Telephone No. 8921-3527 Email: npboard@napocor.gov.ph

For **CY 2022**, the Governance Commission has yet to formally notify NPC of the *validated* 2022 Director Attendance and Compensation System (DACS) submissions. Moreover, for the Director Performance Review (DPR), GCG has yet to request NPC for the names and pertinent details of the eligible raters. The iPED platform has yet to be opened as well to enable access by the raters considered by the GCG as eligible to complete and submit the online PED forms.

B. In-house Board and Committee Appraisal

Conscious of the fact that the Performance Evaluation for Directors (PED) is director-centric (i.e. focuses on the *contribution of the Director* to strategic thinking; and leadership, commitment and participation of the *Director* to Board and Committee proceedings and discussions), the Office of the Corporate Secretary will administer a parallel *in-house* Board/Committee Appraisal covering the performance and activities of the National Power Board and its standing committees.

The Governing Board of NPC has agreed that the in-house Board and Committee Appraisal are to be administered after the closure of the annual PED of GCG to ensure that all members can fully participate the assessment process.

For the CY 2023 performance assessment, a *Google Survey Form* shall be used. The web-based instrument shall be finalized and administered as soon as the iPED closure date is already determined.

For the *in-house* Board and Committee appraisal, members of the Governing Board shall provide ratings on a scale of 1 to 5, with 5 being the highest on questions involving the following sections:

- a. Composition and Quality
- b. Meetings and Procedures
- c. Function and Duties
- d. Capacity Development
- e. Strategy and Risk Management
- f. Board and Management Relations
- g. Succession Planning

At the end of each question is an inquiry on how the Board or its Committee can do things better or differently. This would allow the participating Member/Director to recommend specific measures or to explicate the assessment made on a particular section. For CY 2023, presenters for items discussed by the Board/Committee will be included in the appraisal so that subordinate-presenter feedback can be generated for the Board/Committee's guidance.

Office of the Corporate Secretary Telephone No. 8921-3527 Email: npboard@napocor.gov.ph

2 | Pac

In sum, the *in-house* Board and Committee appraisal seeks to help continuously improve corporate governance practices in National Power Corporation. The results of the assessment are hoped to improve how the Board and its standing Committees oversee corporate performance and protect the interest of all stakeholders of the Corporation.

25 March 2024.

ATTY. PATRICK D. MABBAGU Acting Corporate Secretary
